Believers Early Learning

Monthly Newsletter

We will conduct developmental evaluations this month on each of our students. The sign-up sheet for conferences will be on the sign-in/sign-out clipboard. Please let us know if there is anything concerns you have about your child's growth. Conferences will take place during the first week of next month.

What are we learning this month?

Music

This month, we will learn about music and food. We will play various types of musical instruments. We will listen to, dance to, and sing various types of music.

Food

Families are welcome to send in different types of music you have at home. Families are also welcome to send in food from home that represents their culture. We would love to have a diverse month of music and food. (Any donations for anything is always appreciated.) We will make two snacks a week. I will make a recipe book for the food we make and send it home.

We will also be working on the first letter of our name.

Birthdays: The following students are celebrating a birthday this month:
